

III. PROCESS OVERVIEW

A. Determination of Breach

1. Determine exactly what information was compromised, including but not limited to: name, addresses, SSNs, ID numbers, credit card data, grades;
2. Determine how the incident occurred, including but not limited to: school official having control and responsibility for the information compromised;
 - a. Reference the Information Technology Division's Incident Response policy for guidance on information gathering techniques.
3. Determine appropriate response team (i.e. Registrar, Risk, Counsel, IT, Safety, Data owner);
4. Determine if FSA (ED) should be notified
 - a. <https://ifap.ed.gov/fsa-cybersecurity-compliance>
5. Determine if EU GDPR Articles 33 and 34 breach notifications apply (e.g. notification of EU supervisory authority);
6. Determine if state(s) privacy laws are invoked
 - a. Colorado (<https://coag.gov/resources/data-protection-laws>)
7. Determine if institutional policies and procedures were breached, including but not limited to: organizational requirements governing access (user names, passwords, PINS, etc.); storage, transmission, destruction of information from education records.

B.

6. Determine if disciplinary actions are warranted;
7. describes steps to take if suspicious of being a victim of identity theft:
 - a. <http://www.ed.gov/about/offices/list/oig/misused/idtheft.html>
 - b. <http://www.ed.gov/about/offices/list/oig/misused/victim.html>

IV. DEFINITIONS/REFERENCES

References:

FERPA does not require an educational agency or institution to notify students that information from their education records was stolen or otherwise subject to an unauthorized release, although it does require the agency or institution to maintain a record of each disclosure - 34 CFR 99.32(a)(1). However, student notification may be required in these circumstances for postsecondary institutions under the Federal Trade Standards for Insuring the Security, Confidentiality, Integrity and Protection of Customer Records and

may be advisable if the compromised data includes student SSNs and other identifying information that could lead to identity theft.
