

Office of Research and Sponsored Programs (ORSP)

Environmental Health and Safety (EHS) Requirements	
Medical Clearance (Occupational Health Review Form)	

Environmental Health and Safety

Prior to working with animals, you will also need to enroll in Occupational Health Program by submitting the [Occupational Health Review Form](#) via fax to (303) 874-097 or through campus mail to the DU EH&S Office at 2601 E Colorado Ave., 2nd floor. Your information will be faxed securely to the Occupational Physician at:

Concentra Medical Centers
1212 S Broadway, Suite 150
Denver, CO 80210
Fax (303) 874-0218

Animal Vivarium Access

For vivarium access, contact the Vivarium Director at: (303) 874-3445

Continuing Education

At least one inservice training session offered by the University of Denver must be attended by each IACUC researcher each year. The PI must provide the date of at least one inservice training attended for each person listed on the protocol during the Post Approval Monitoring (PAM) meeting with the IACUC Administrator.

IRBNet Registration and Submission

All research projects that will involve animals must be submitted to the DU IACUC for review and approval. All IACUC applications must be submitted online through the IRBNet system. In order to access this system, all end users must register at www.irbnet.org. Protocols submitted in hard copy or to an IACUC staff member's email will not be reviewed. For IRBNet "HOW TO" guides please go to <https://www.du.edu/orsp/researchcompliance/biosafety/irbnet-electronicssubmissionsystem.html>

Meeting Months

Meetings are held during the months of March, June, September and December. Please have all IACUC protocol submission forms submitted into IRBNet one month prior to the month of a meeting.

Please contact Tyler Ridgeway, with any questions, technical assistance or information regarding IACUC (303) 874-097 or (303) 874-097. For more information, visit www.du.edu/orsp/researchcompliance/biosafety/irbnet-electronicssubmissionsystem.html
